

RUGGED. FAST. SPACIOUS.

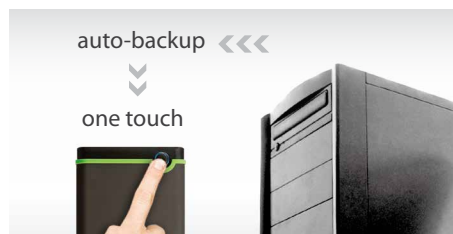

Advanced three-stage shock protection system

1. Silicone rubber case
2. Internal shock-absorbing suspension damper
3. Reinforced hard casing

External Storage | Portable Storage for PC

Transcend StoreJet® external hard drives, by adopting the USB 3.1 Gen 1 interface, offer up to 4TB of vast storage capacity and optimum data protection. Users can select rugged series featuring three-stage shock protection system that meets U.S. military drop-test standards, or classic models with lustrous gloss finish.

One touch auto-backup button

Spacious storage capacity

- Meets U.S. military drop-test standards (SJ25M & SJ25H)
- Sleek, lustrous exterior for tactile and visual appeal (SJ25A & SJ25D)
- A multifunctional button for auto backup and quick reconnection
- Free download of Transcend Elite data management software
- Three-year limited warranty

USB 3.1 Gen 1
