

## Data Sheet FUJITSU Car/Air DC Mini Adapter 80 Accessories

#### Charge your batteries everywhere and anytime

Frequent travelers need to charge their mobile devices anywhere. The FUJITSU Car/Air DC Mini Adapter 80 doesn't add anything to your luggage weight, since it is one of the world's smallest adapters. Whether in a car or in a plane: charge your mobile system or phone with one device only.

# rufitsu Company

#### Mobility

- The Car/Air DC Mini Adapter 80 is perfect for usage in cars and planes where 12 V power supply is available
- Simply select the correct connector and use the charger for your tablet PC or notebook
- USB charging port for mobile devices (e.g. mobile phones)

#### Security

- The adapter comes with protection in case of
- short circuit
- over and under-voltage
- - leakage current
- over temperature
- The Car/Air DC Mini Adapter 80 interrupts charging immediately if the voltage on the line is not within the specified limits. Thus the conencted devices will be safe from damages.

#### Reliability

- Best quality and stability
- Constant current regulation ensures stable charging of batteries
- EmPower cable is included for charging in many airplanes during travelling
- Two changeable 19V plugs support most of the mobile devices
- Compliance with E-Mark for car usage and DO-160G standard for aviation

## Car/Air DC Mini Adapter 80
